

## SPOTLIGHT ON TED & SHARON WIMER

We moved to Port Townsend from Kuna, Idaho last year. Like many other people we've met, we decided to move here because of family in the area. Our youngest daughter and her family (including our 3 youngest grandchildren) live here. In addition, Sharon has four siblings between here and Olympia.

The journey which brought us here has been complicated; you might say our path has been "circular". But, the time it took to get here seems to have gone by in a flash! Sharon was born in Washington DC. Her family moved to Olympia when she was 7 years old. She graduated from Olympia HS; attended Centralia College; and Edison Technical School in Seattle where she received her LPN Certification. She worked in Seattle at Northwest Hospital while we lived in Seattle.

Ted was born in Billings, Montana and lived in Montana and Wyoming for his first 12 years. His family moved to Longview where Ted graduated from Mark Morris HS. He graduated from Centralia College; and from the University of Washington (Seattle) in 1968 with a BS in Electrical Engineering, focusing on Computer Engineering. Ted worked at the UW Aeronautical Lab in charge of the wind tunnel during those school years.

As you probably figured out; we met at Centralia College. We both lived in Olympia and rode the College Commuter bus; where we first met. We got married in 1965 at the Olympia United Methodist Church. While in Seattle we had two sons – Michael and Matthew. (As adults they both moved back to Seattle!) When Ted

## PASTOR'S LOG

*By Pastor Tony Brown*

**M**y uncle, Gary Brown, was diagnosed with lung cancer a few years ago and just recently he passed away as a result of it. Whenever a loved one of ours dies one of the things we think about is life after death. Is there really life after death? If so, what's it like? Where is it? Or maybe do we just simply die and cease to exist anymore? Wouldn't it be nice to know for certain?

When I had gotten word that he had passed away I made the trip down to Orting, WA to see his wife and my Dad's side of the family who had flown in from the south. We sat around and shared good stories about Gary, ate together, and even watched the Seahawks win a football game. He would have enjoyed all of that.

Later in the afternoon just as the sun was setting we noticed that there was a spectacular sunset so we went out to get a better view. When we got to the road where we could see better one of the brightest double rainbows I had ever seen appeared seemingly out of nowhere. I took the picture you see here of it. We all were amazed by the sign that we felt like we were getting. Gary was not dead but alive, and God's beautiful rainbow in the sky was a sign to us that both God and Gary were present with us.

Over the years I've heard countless stories of people who have received incredible signs that their loved ones who had passed were alive with God. Maybe you've experienced or heard things like this as well. Then there are those who have had near death experiences and have come back from the afterlife to tell about it.

The story of Jesus' death and resurrection, which we celebrate especially at Easter, truly is a story that should give all of us hope that life continues even after death has taken hold of us. For as Jesus said, "When I go to prepare a place for you, I will return and take you to be with me so that where I am you will be too". Jesus' death and resurrection is a miraculous sign for those of us who believe that death is not the end. In-

stead it becomes the transition from being 'here' (wherever here is?) to being 'there' with Jesus (wherever there is?).

In the book study we are doing for Souper Wednesdays right now, the author writes about how Jesus says to the one next to him on the cross, "truly I tell you, today you will be with me in paradise". She goes on to explain that

maybe what's important about this is not that Jesus defines what paradise is, but rather that Jesus promises the one being crucified with him that he will be with Jesus. In other words, maybe the most important thing about life after death is who we will be with. Our Christian faith teaches us that we will be with Jesus, and since there's not more than one Jesus we will also be with one another. Maybe what's most important about heaven is not whether there are streets of gold or not, but that we will be with God forever together.

Happy Easter! Jesus is alive! Our loved ones are with him today! One day we will be as well!

In Christ,  
Pastor Tony

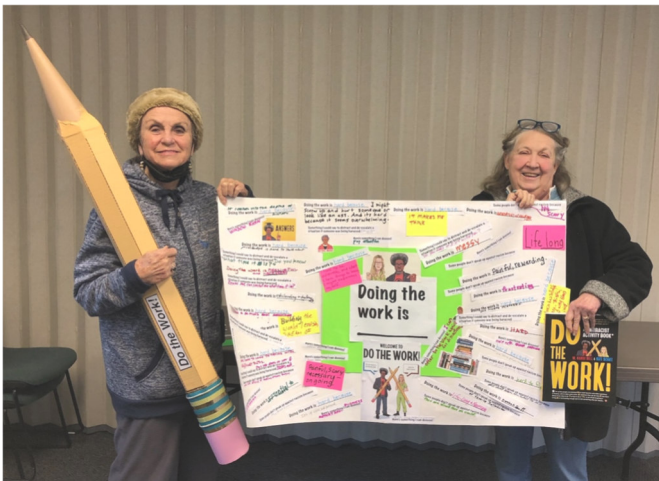

## TRINITY RACIAL JUSTICE GROUP

By Margaret Engle

If you want to help dismantle systemic racism but are uncertain what to doooooooo, please consider joining a new 5 week book group based on *Do the Work, an Antiracism Activity Book* by W. Kamau Bell and Kate Schatz. In person sessions on **Thursdays, April 27 and May 4, 11, 18 and 25 from 4-5:30 PM**, will be co-led by Amy Hepburn and Robin Stemen. Sign-up by contacting Robin at [robin@olumpus.net](mailto:robin@olumpus.net). Or join a Zoom Book Discussion group on **Tuesdays, April 25 and May 2, 9, 16, and 23 from 6:30-8:00 PM** led by Kathy Stevenson. Sign-up by contacting Kathy at [kstevensonpt@gmail.com](mailto:kstevensonpt@gmail.com).

This book has basic AND in-depth info about systemic racism, with plenty of practical guides to action and is a friendly way to step into the conversation. If you have questions, contact Gail Jenkins or Margaret Engle who participated the first time this was offered. W. Kamau Bell suggests that all justice campaigns began with protest. Check out the picture below of an anti-racist protest in Port Townsend, organized by the first *Do the Work* cohort. See if you can find Gail!

## TRINITY UNITED WOMEN IN FAITH

*By Nancy Stevens, UWF President*

The March gathering had everything you could want - delicious food, warm fellowship, and a wonderful and informative presentation! Our potluck luncheons have been great successes. It is amazing how it always works out with a nice variety of options and lots of food! Thanks to all of the women who bring food to share! Please join us and bring a friend!

Our speaker was Heather Dudley-Nollette, Director of Development at Bayside Housing & Services. Heather gave us so much insight into how Bayside works diligently to strengthen our community through housing, advocacy and human services while supporting social and economic independence for people in our community who need some assistance. What they do is vital to the wellbeing of our community! It was truly inspirational and we encourage all of you to visit their

website and consider how you might help them accomplish their goals.

The April UWF meeting will be on **Friday, April 14th, at 11:30** in the Trinity Fellowship Hall. Once again, it will be a potluck luncheon. Our speaker will be Betsy Davis, who is the delightful Executive Director for the Northwest School of Wooden Boat Building in Port Hadlock. She is an unassuming powerhouse and a wonderful, upbeat speaker who has really whipped the school's fundraising, buildings, and curriculum into place. Betsy has also been a terrific advocate for women to learn skills to enter the marine trades and earn a decent, stable income for their lifetimes without taking out loans that break the bank. She fosters and encourages entrepreneurship among young people. We hope you will join us for this interesting presentation and yummy meal!

*(Spotlight continued from page 1)*

graduated from UW he accepted a job with IBM in San Jose, CA. We moved there in April of 1968. In 1971 and 1973 we added our daughters, Megan and Melissa, to round out our family. (Yes, we did get carried away with the M's in naming our children!) We lived just south of San Jose in Morgan Hill where Ted designed and built (personally, from scratch) our first home. We lived there for about 6 years. Ted was involved in developing very complex computer systems and was spending a lot of time with IBM in Boulder, CO. So in 1974 we decided to move there. We enjoyed Colorado; living on a small 12 acre farm northeast of Longmont. In 1979 IBM asked us to move to Tucson to a new IBM plant. We didn't want to move into that Arizona heat, so we chose to leave IBM and move to Boise, Idaho to work for Hewlett Packard. We bought 40 acres of undeveloped farm land outside of Boise in Kuna, Idaho. And once again, Ted designed and built our home from the ground up. The farm work and construction work balanced out the engineering environment where progress was sometimes hard to detect. Sharon didn't want to transfer her LPN certification so she became a substitute teacher in our children's schools... until they hit High School and the kids objected to mom being everywhere they were.

In 1984 Ted and several friends left HP and started their own computer accessories company: Extended Systems. Our electronic products allowed companies to share their new LaserJet printers with many other people to offset the cost of the printers. Sharon worked at the company as did several of the kids. It was scary and exciting and allowed us all to expand our scope of experience.

As a family we traveled with our children wherever we lived. We loved camping in Colorado and Wyoming. We also spent a lot of time on the road when they were young driving to Olympia for Thanksgiving or Christmas since both of our families lived there. (We drove through lots of blizzards across Wyoming, Idaho and Oregon.) After our kids left home we started trav-

eling for fun. In fact, our first year (1995) we did a mission trip to Honduras to help build a church; we received a refugee family from Zaire (Congo) that lived with us for several months while we helped them get settled; and we took a late fall trip to Europe. That trip to Europe was compelling and we've traveled to many different areas, enjoying everything. Sharon's maiden name is O'Neil, so you can imagine how much she enjoyed Ireland. In fact, so much we took a later trip back to Ireland with her O'Neil siblings!

The little town of Kuna that we lived in and loved for 43 years has become a booming town with lots of housing developments surrounding our farm. So, several years ago we decided we should think about moving. We decided we'd return to Washington and Port Townsend seemed right. Once we made that decision, Sharon had all the household belongings packed and stacked about a year before we actually moved. We were fortunate to find a nice home in the tight market of Port Townsend. Sadly, we moved away from our 3 older, mostly grown grandchildren and our older daughter in Boise.

Over the years we have been involved with lots of different church activities. We attended and were involved in the Kuna UMC. So, we were very happy when a former Pastor and friend (Rev. Karen) told us about Trinity UMC before we moved here. She hadn't visited the church but she had met and was impressed with Pastor Tony at the Oregon/Idaho PNW combined Annual Conferences. She knows us pretty well and she figured we would probably like it here. We have been received with open arms and friendly faces in Trinity. Thank you all for your hospitality.

Random tidbits about us you might not guess: As a youth Sharon was on the Olympia YMCA swim team and remembers swim meet competitions up this way in Bremerton and Sequim. At 17 Ted was a Y-Camp counselor at Spirit Lake below Mt St Helens and climbed the mountain 18 years before it blew.

## CANDLELIGHT CONCERT

Thursday, April 27, 7:00 PM

By Beth Kissinger, John Miller, and Ron Portin

# Joe Euro

An Evening of Classical/Neo-Classical/Finger-Style Guitar Playing

*In-Person, Online & On the Air*

**Trinity** United Methodist's Candlelight Concerts hosts Joe Euro, a "Classical/Neo-Classical Finger-Style" guitarist, who will be performing at **Trinity United Methodist Church** on **Thursday, April 27 2023, at 7:00 PM** for one set with no intermission.

The performance will also be streamed live at <https://trinityumcpt.org/concerts/> where you will find a link for the Candlelight Concerts Online and ways to donate. The concert will also be simulcast on KPTZ FM 91.9.

Admission is free, with a suggested donation \$15 per person. Half of the donation proceeds from this concert will go to Joe Euro's chosen charity, [Habitat for Humanity, East Jefferson County](#), whose mission is "Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities and hope."

Trinity United Methodist Church is located at 609 Taylor Street, across from the Community Center, in Up-town. Attendees should plan on arriving early – doors

will open at 6:30. Masks are required for in-person attendees.

This Joe Euro Candlelight Concert performance will feature Acoustic, Instrumental "Neo-Classical"/"Finger Style" Guitar, highlighting many of Euro's "Neo-Classical" original compositions and some actual Classical Guitar pieces, "plucked from the Classical Guitar Repertoire." Mr. Euro is often referred to as a "Classical Guitarist" but Joe explains that he neither has the time or the discipline to stay on top of that repertoire. And besides, after learning classical guitar techniques over the years, he is more motivated to play his "neo-classical" pieces, and arrangements often composed by him, and often utilizing a few different "open tunings."

Joe makes a tentative "set list" for his performance but prefers to be able to "go rogue" and deviate from that, should the spirit move.

Some of Mr. Euro's set may also include arrangements of some lite jazz standards, and most likely a few

"covers", and last, but not least, a bit of his "Ambient Space Guitar" pieces utilizing a digital reverb and a volume pedal, to draw down all that "Taj Mahal"-like reverb. This is a sound he enjoyed developing and experimenting with when he moved to this area back in 1979 and would bring his guitar into the bunkers at Fort Flagler. Joe also was able to get into the "Cistern" at Fort Worden, which also inspired him to use this "Big Spacey Sound" which is now accessible with some of Euro's "guitarsenal" of various guitars and "gizmology."

Euro's "day job", The Wine Seller, was founded by him in 1982. It is one of Washington's State's oldest and finest wine/bottle shops, located on Water St. "downtown" Port Townsend. Besides wine and music, Joe loves to travel. He has hosted and guided many European and one South American "Small Group Journeys" and is still filling the last few spaces for his next Small Group Journey to Spain from September 26<sup>th</sup> – October 6<sup>th</sup>, 2023.

Love is an action word  
It does not stand idly by

When someone is hurting  
Or hungry  
Or thirsty

Love causes us to do what  
We can to change the  
Situation.

Love demands forward action  
Love cries when others cry and

Laughs when others laugh  
And is silent when need be.

Love is real  
Love can't be faked,  
Not really...the truth always comes out  
Eventually.

Love is a joy, not a burden though  
It carries burdens often.

Love displays gratitude often and  
Never takes anything for granted.

Love is the reason to be alive  
Not money  
Not fame

Or prestige but love  
Is why one is alive.  
So love, love, love  
Your Creator, yourself and your fellow person.

### TRINITY TIMES DEADLINE

Articles and photos need to be received by the office by **Tuesday, April 25** for our next publication. Please e-mail your items to the office at [trinityumc@olympus.net](mailto:trinityumc@olympus.net).

### TRINITY FRIENDS GATHERINGS

We have now completed our first experience with Trinity Friends meeting for meals and/or activities over the past 6 months. Most groups were able to meet at least once which resulted in new experiences by our congregation of getting to appreciate and create friendships with Trinity congregants that they may have not met or known before.

In April we will establish new Trinity Friends groups of six, with the goal of each group gathering together sometime in May, July and August. Look for the sign-up sheet during our upcoming Sunday Services. This is a wonderful opportunity for new congregants to join Trinity Friends as well as current participants to become a member of a different pairing of friends. For those of you who were not part of Trinity Friends we hope you will consider joining us this time!

## TRINITY HIKING GROUP

By Nancy Stevens

**How** blessed we are to have such a wonderful group of people who enjoy getting together for fun, exercise, fellowship and to admire the beautiful area we live in! We usually stick with easier hiking trails and often stay close to our area. Normally we hike 3-5 miles and try to squeeze in some fun whenever possible.

If you would like to receive email notifications of upcoming hikes, as well as photos we take along the way, please send your name and email address to Nancy Stevens ([nstevensnow@gmail.com](mailto:nstevensnow@gmail.com)). Feel free to invite friends and neighbors to join in the fun!

*Happy Birthday, Marlene and Dalene!*

## FINANCE COMMITTEE

By Zoe Ann Dudley, Finance Chair

**This** is the Best Start to a Trinity Budget year in the past 10 Years!! Our Operating cash flow remains financially solid due to the fulfillment of "lump sum" annual pledges by several Trinity congregants. This totals \$32,740 YTD. We are at 98% of payments on monthly EOG's to date and we have received \$19,000 of non EOGs. This puts us in a healthy place at this time remembering that we made deep cuts to create this budget.

Through February our annualized income (EOGs, Cash Donations, Rent, etc.) is at 123% of Budget. THANK YOU TRINITY!! Our expenses thru February are right on target at 101% - just \$500 over budget. This includes the high cost of oil, cost of utilities and winter fuel oil. It also includes several extraordinary expense such as our music copyright license for Candlelight Concerts/Sanctuary music performances.

What also keeps us healthy are the hundreds of monthly volunteer hours keeping our church clean, managing the upkeep and maintenance of our building, keeping supplies stocked, beautiful music filling our hearts and in all of this the joy of working and making it happen TOGETHER. God Bless you all.
